

Webex Training for Education

Syamsul Faizal Ahim
Account Director, Education
sahim@cisco.com

Optimized for the way you work

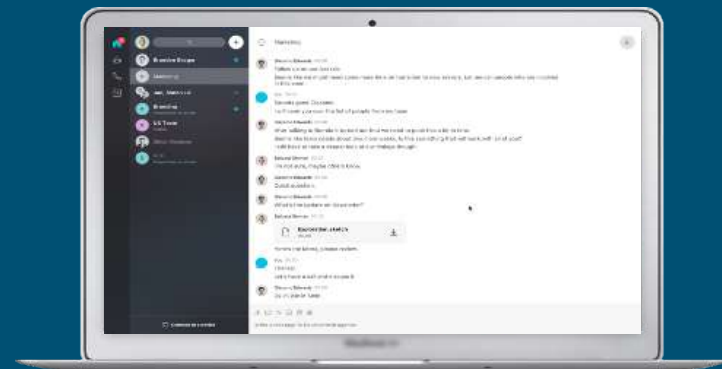

Two ways to participate, designed to suit your workstyle

Cisco Webex Meetings

Simple, modern,
video-first meetings
Industry-standard way to meet,
Industry-leading experiences

Cisco Webex Teams

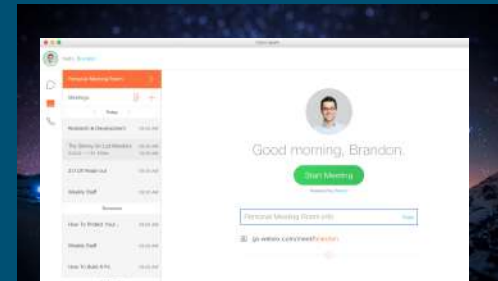

Meetings as part of a
team's continuous workflow
A new evolutionary approach,
reflecting how teams work together

One meeting experience

No matter which device is used

Webex Board/
Meeting room

Desktop

Mobile

Integration with 3rd Party

From your calendar

From where you learn

From your car

Enable the best meeting experience from third-party tools

1) Preliminary setup

Description of the setup process (preliminary)

Teacher

The teacher receives the welcome email -> click to set the password and install the Webex Meetings app

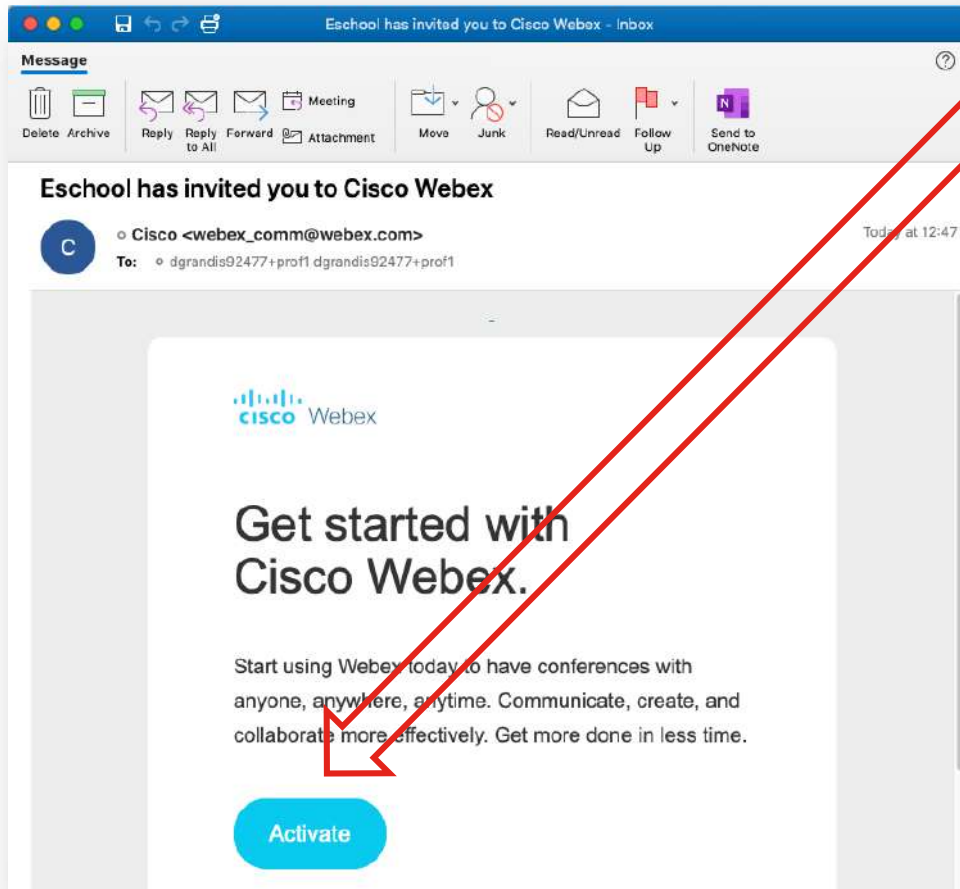

Student

The student installs Cisco Webex Meetings on their iPad/tablet without having to create a Webex account

Setup for the teacher (1/2)

Click "activate" in the welcome email

The browser opens, allowing the teacher to enforce their password

Create a new password

New password

Confirm new password

Save & Sign In

(the student can also raise his/her hand)

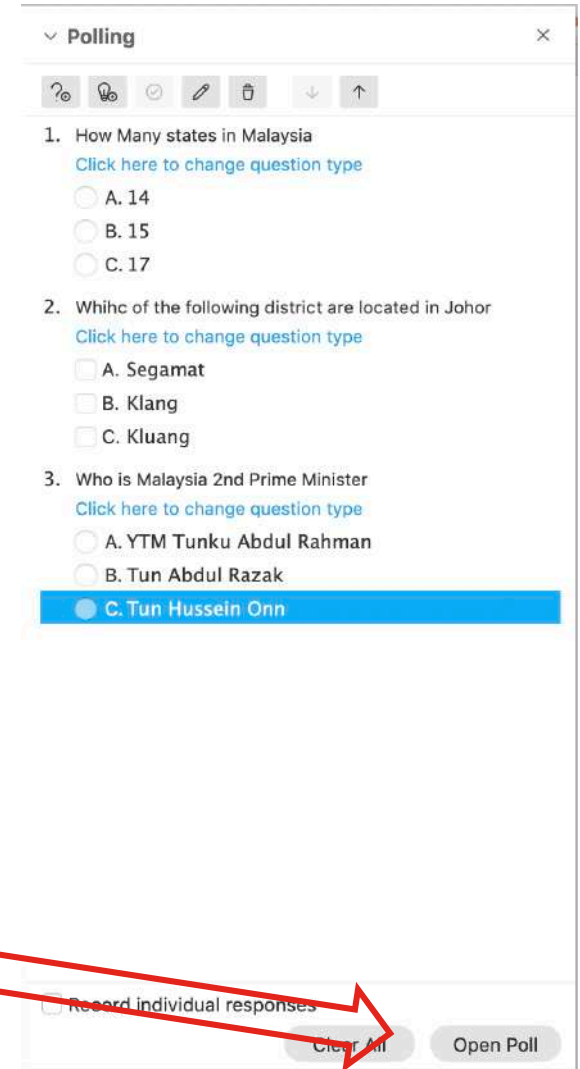

Polling

The teacher can launch a poll

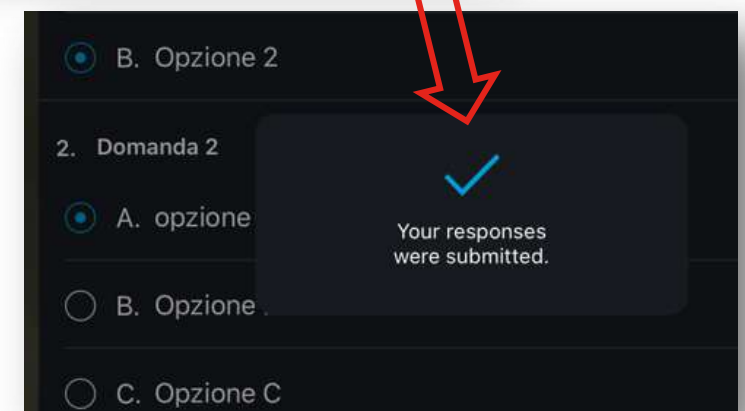

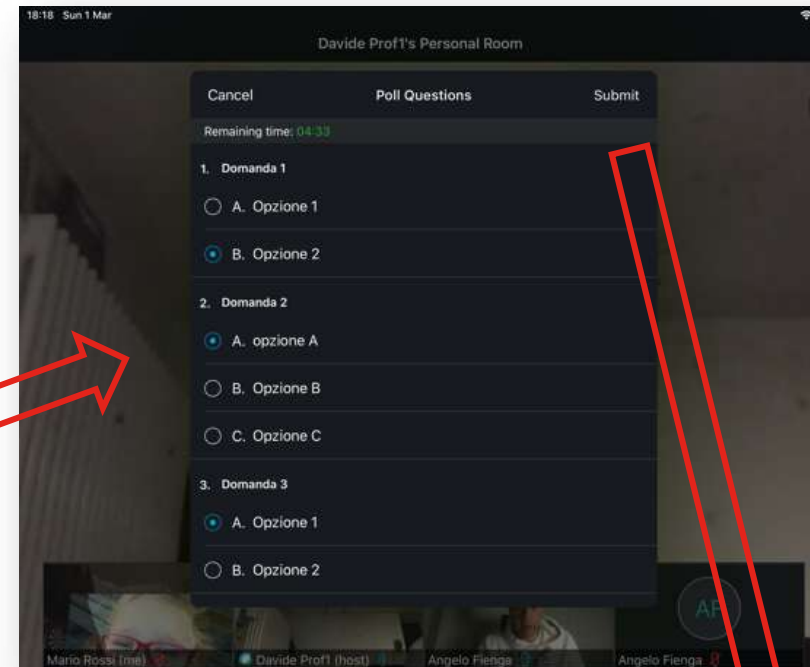

Define a series of questions and answers

... then click "Open Poll"

Polling

Student view:

Polling

The teacher sees the results

... and can share them with students

The screenshot shows a Cisco Webex Meetings window with a video feed of a man (Angelo Fienga) on the left. On the right, a 'Polling' window is open, displaying results for three questions. A red arrow points from the text 'The teacher sees the results' to this window. Below the poll results, there are options to 'Share with attendees' (Poll results checked, Individual results unchecked) and buttons for 'Apply', 'Clear All', and 'Edit Questions'. At the bottom, it says '3 of 3 attendees have responded' and 'Remaining time: 04:11 Time limit: 05:00'.

Questions	Results	Bar Graph
1. Domanda 1		
A. Opzione 1	2/3	67%
B. Opzione 2	1/3	33%
No Answer	0/3	0%
2. Domanda 2		
A. opzione A	2/3	67%
B. Opzione B	1/3	33%
C. Opzione C	0/3	0%
No Answer	0/3	0%
3. Domanda 3		
A. Opzione 1	1/3	33%
B. Opzione 2	2/3	67%
No Answer	0/3	0%

The screenshot shows a 'Poll Results' window titled 'Davide Prof1's Personal Room'. It displays the results for two questions. A red arrow points from the text '... and can share them with students' to this window. Below the results, it shows 'My Answer: B' for the first question. The second question is also visible.

Question	Option	Percentage
1. Domanda 1	A. Opzione 1	66,7%
	B. Opzione 2	33,3%
	No Answer	0,0%
2. Domanda 2	A. opzione A	66,7%
	B. Opzione B	33,3%
	C. Opzione C	0%

Lesson control (for the
teacher)

Lesson control

The teacher can, through the list of participants, mute and possibly even expel the students individually

audio mute/unmute

video mute

expel

Locking the lesson (closing the "door")

The teacher can, at any time, block access to the Personal Room by preventing additional participants (e.g. students of a different class) from entering. In the same way, the teacher can unlock it at any time.

lock/unlock the lesson

End the lesson

- Only the teacher can finish the lesson.
- The teacher is also entitled to leave the Personal Room without the lecture ending, but in this case he will have to indicate another participant to take the lead on his/her behalf.
